

# Run Farther Through the Arbor

Make the field into a figure 8. Make paper apples, cherries and peaches. Put fruit on clipboards or in bins. Use cones to make an arbor of fruit trees through the middle of the field. Kids run as shown in diagram. When they go through the arbor, they "pick an apple". The second time, they "pick a peach".

*Fruit makes pancakes  
very sweet; turns them into  
a healthy treat.*

- Pick an apple.
- Pick a peach.
- Pick a cherry.
- Reach, reach reach.
